Nucor Classic Wall™ & Masonry

## ROOF SYSTEM

Nucor CFR™ Standing Seam

The Midway Independent School District, serves students in Waco, Woodway and Hewitt, Texas. Their new state-of-the-art student activities center has a full-size, 85,000 SF indoor football field, a 12,000 SF weight room, and a 2,500 SF mat room.

The massive full-sized football field divides into four sections, so multiple activities can occur at the same time. The field can also be converted into a baseball diamond by dropping nets, allows golfers to practice inside.

The building was designed using a Nucor pre-engineered building systems and is finished with Nucor Classic Wall™ Panel and a Nucor CFR Roof™ System.
