

Christ Community Church

a **NUCOR** company

LOCATION

El Centro, CA

SIZE

16,500 sf

WALL SYSTEM

Nucor HE40 Insulated Metal Panel

ROOF SYSTEM

Nucor CFR™ Standing Seam

This religious facility consists of a clear span, single slope sanctuary with multi-level mezzanines to accommodate stadium seating, a single slope narthex, and a canopy entrance. The skewed parapet walls that surround this uniquely designed structure are finished with a Nucor HE40 heavy embossed insulated metal panel with a texturized coating.
