a **NUCOR** company

## LOCATION

Odessa, TX

## SIZE

40,400 sf

## WALL SYSTEM

Nucor Accent Wall™ Panel

## ROOF SYSTEM

Nucor CFR™ Standing Seam Roof System

The Odessa, Texas location of Lufkin Industries consolidated operations from several different locations in West Texas resulting in a single facility for 100 employees. The completed pre-engineered steel structure includes a 36,800 sf manufacturing facility and 13,600 sf technology and training center that house the firm's regional offices. Operations at the new facility include oil field operations, technological and automation training and electronic cable manufacturing.

The shop side of the structure includes bridge cranes of 60-ton and 5-ton capacity in addition to 10-ton traveling jib cranes.
