

# Tiara Yachts Headquarters & Manufacturing Facility

a **NUCOR** company

## LOCATION

Holland, MI

## SIZE

312,000 sf

## WALL SYSTEM

Nucor Classic Wall™ Panel

## ROOF SYSTEM

Nucor CFR™ Standing Seam Roof System

This 312,000 custom yacht manufacturing facility and corporate headquarters is an expansion to an existing conventional steel structure. It features bays up to 80' and several overhead monorail cranes at 20-30 ton capacities.

The interior includes partitions as well as Nucor Liner Panel. The exterior features a lean-to structure with stepped eave heights, parapet walls and large overhead doors.
