ROOF SYSTEM

Nucor CFR™ Standing Seam Roof

This sleek new 87,000 sf state-of-the-art cruise terminal consists of three connected buildings: 145'x 329' single slope; 193'x 68' asymmetrical and a 151'x 176' single slope structure. The facility features a two-story atrium and provides spacious pre-screening, baggage and processing areas for cruise guests. Located directly on the water of Florida's east coast, the building is designed to withstand high-wind speeds and coastal exposures.
