

# Spirit of Freedom Hangar

a **NUCOR** company

## LOCATION

Tucson, AZ

## SIZE

41,000 sf

## WALL SYSTEM

Nucor Classic Wall™

## ROOF SYSTEM

Nucor Classic Roof™

The Spirit of Freedom Hangar created an additional 41,000 sf of space for the Pima Air and Space Museum in Tucson, Arizona, which houses some of the world's rarest aircrafts. The building is comprised of a 45' high clear span structure designed using Nucor Classic Wall™, Nucor Classic Roof™ and numerous translucent panels to incorporate natural lighting throughout the space.
