NBG Awarded Sourcewell Contract

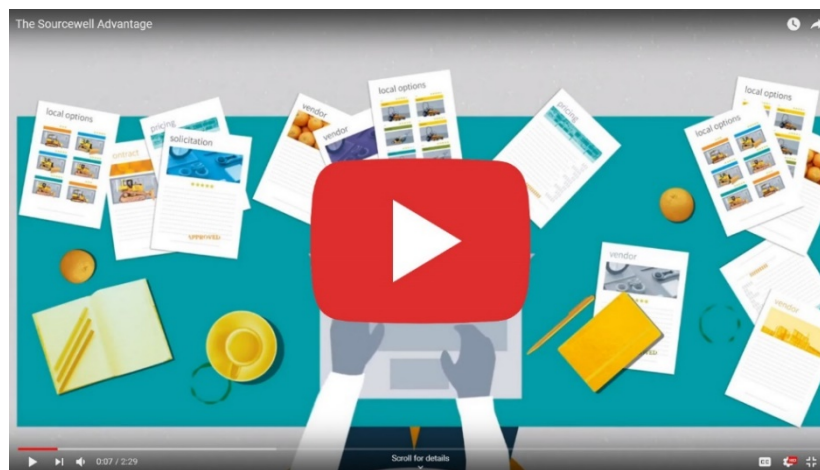

Builders can now satisfy local government & institutional customers' competitive bid requirements using Nucor Building Group's Sourcewell contract.

Nucor Building Systems works continuously to develop cutting-edge tools and programs that help our Authorized Builders grow their businesses. [We are proud to announce the new contract between Nucor Buildings Group and Sourcewell.](#)

Sourcewell is a leading, independent government agency with legislative authority to establish contracts and offer a cooperative purchasing procurement process for members—including municipalities, government, education institutions and non-profits located throughout the U.S. and Canada—that is compliant, competitive, and convenient.

How Does Sourcewell Work?

Click the video link below to watch a demonstration of how Sourcewell offers advantages to members and vendors alike.

Watch your inboxes for information coming soon about registering for our upcoming educational webinars for Builders. These webinars will explain more information about how Sourcewell works and how you can take advantage of our Sourcewell Contract to simplify the procurement process on government and institutional projects.
