## LOCATION

Winchester, Virginia

## SIZE

351,000 sf

## WALL SYSTEM

Precast Insulated by others

## ROOF SYSTEM

Nucor CFR™ Standing Seam

## BUILDING END-USE

Distribution Center

Trex is the world's largest manufacturer of high performance wood alternative decking. The company was founded in 1996 and is headquartered in Winchester, Virginia.

Trex 1 was planned and constructed on an accelerated schedule. The building features 70' speed bays along the loading docks and has 230,000 sf leased for pre-packaged railing products shipped across the country. This project has a 10,000 sf education center allowing distributors and contractors the ability to learn about the Trex products right on site.
