## NBS Builder Agreements Coming your Way

**Attention all Authorized Builders:** Be on the lookout for an email to renew your Buildership Agreement. Please review the document, sign, and return.

This Buildership Agreement is an annual agreement, which will be in effect through December 2021. You will also receive a renewal letter every year in January.

Nucor Building Systems has updated our Builder Agreement to better serve our builders by bringing alignment across all Nucor Buildings Group divisions. This will allow us to transfer jobs between divisions as needed to provide required delivery schedules for you to secure projects.

If you have any questions, please reach out to your District Sales Manager.

Thank you for your continued partnership!
