Heavy equipment paint facility

Ranews Companies is a product solutions company headquartered in Milner, GA that offers precision fabrication, industrial coatings, and assembly & logistics. To expand their company, they chose to build a 100,000 square foot pre-engineered metal building located in Thomaston, GA. This facility houses a high-tech eco-paint line, a power coating process and a wet paint line. The factory interior, fully lined with Nucor Classic Wall liner panel, includes three full height, double-sheeted transverse partition walls. The front office building is a clear span structure supported by lintels and spandrels supplied by Nucor, and clad with masonry.
